

Center Flow Extension Ring

Features & Benefits

- Adds 17% more holding capacity
- Retrofit any existing center flow box
- Holds 50 units of larger seed sizes
- Provides box size flexibility
- Adds more storage versatility
- Injected molded HDPE structural foam

**Capacity is dependent upon end user application. It is based on equally distributed loads. Elevated temperatures or concentrated loads may affect capacity.

**Use of extension ring only requires smaller lids.

DESCRIPTION	MODEL	DIMENSIONS (L X W X H)	CU./FT. CAPACITY	WEIGHT	TRUCK LOAD
CENTER FLOW EXTENSION RING	F-CFEX	56.5" X 45" X 9"	9.7 cu. ft.	44lbs	154 units
